DIFFERENT THICKNESSES

SUBMISSION OF REPLACEMENT PAPERS IN ALLOWED REISSUE APPLICATION

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

Pursuant to a request by Supervisory Patent Examiner Dunn during a telephone conference on August 5, 2004, summarized below, applicant submits herewith duplicates to replace papers hand-carried to the USPTO on July 9, 2004, and apparently misplaced thereafter.

Enclosed are:

- 1) A date stamped card confirming receipt of an amendment, a supplemental declaration, a petition for extension of time with payment of \$420 therefor, and the original deed of issued patent 5,815,293;
- 2) A copy of a transmittal sheet identifying the filing and providing a fee computation and authorization:

Serial No. 09/671,674

08/05/2004 16:14

Submission of Replacement Papers

- 3) A copy of a petition for extension of time (form PTO 2038 referenced therein is not enclosed, as the fee of \$420 was paid and accounted for on July 12, 2004, as confirmed by Mr. Dunn);
- 4) A copy of a paper entitled "Surrender of Patent" along with a copy of the outside cover sheet (as well as portions of the inside cover and the front page) of original patent deed 5,815,293;
- 5) A copy of a paper entitled "Submission of Supplemental Declaration" along with a supplemental declaration submitted by applicants; and
- 6) A copy of a Response to Final Action with Amendment and Traverse.

During the aforementioned discussion with Examiner Dunn, Mr. Dunn noted that the PALM system shows the application as having been allowed, but does not show the papers filed by applicants subsequent to the Information Disclosure Statement, which was filed April 8, 2004.

Therefore, in order to complete the record and to expedite review by the Special Programs Examiner, the complete set of papers filed on July 9, 2004 is enclosed herewith.

It is noted that these papers were hand carried by the undersigned to Examiner Juba, who received and reviewed the same and personally stamped the confirmation receipt. It appears, however, that the date stamp used on that date had not been properly set, as the stamp on the confirmation receipt shows a date of July $\underline{7}$, rather than July $\underline{9}$. It is believed that the missing papers were also stamped

Serial No. 09/671,674

Submission of Replacement Papers

with the date of July 7, 2004, and that the PALM system similarly may show a filing date of July 7, 2004 for the papers.

However, undersigned attorney of record courteously notes that, in fact, the papers were provided to, and accepted on behalf of, the USPTO on July 9, 2004.

In view of allowance of the application by the Examiner on July 15, 2004, it is requested that the Notice of Allowance and Notice of Allowability be mailed promptly.

Respectfully submitted, CLARK & BRODY

The United States of America

The Commissioner of Patents and Trademarks

Has received an application for a patent for a new and useful invention. The title and description of the invention are enclosed. The requirements of law have been complied with, and it has been determined that a patent on the invention shall be granted under the law.

Therefore, this

United States Patent

Grants to the person(s) having title to this patent the right to exclude others from making, using, offering for sale, or selling the invention throughout the United States of America or importing the invention into the United States of America for the term set forth below, subject to the payment of maintenance fees as provided by law.

If this application was filed prior to June 8, 1995, the term of this patent is the longer of seventeen years from the date of grant of this patent or twenty years from the earliest effective U.S. filing date of the application, subject to any statutory extension.

If this application was filed on or after June 8, 1995, the term of this patent is twenty years from the U.S. filing date, subject to any statutory extension. If the application contains a specific reference to an earlier filed application or applications under 35 U.S.C. 120, 121 or 365(c), the term of the patent is twenty years from the date on which the earliest application was filed, subject to any statutory extension.

Suce Tehran-Commissioner of Patents and Trademarks

OTICE

If the application for this patent was filed on or after December 12, 1980, maintenance fees are due three years and six months, seven years and six months and eleven years and six months after the date of this grant, or within a grace period of six months thereafter upon payment of a surcharge as provided by law. The amount, number and timing of the maintenance fees required may be changed by law or regulation. Unless payment of the applicable maintenance fee is received in the Patent and Trademark Office on or before the date the fee is due or within a grace period of six months thereafter, the patent will expire as of the end of such grace period.
